

Environmental Task Group

Proposed schemes to be funded through Devolved Highways Budget (£1,000k)

Location & Issues	Action
<input type="checkbox"/> Crossing at Partington Lane	Suggested that a pelican crossing be situated near bus lane and post box. Was raised to identify whether it is acceptable. Cllr Antrobus mentioned that that residents would usually cross the road for a particular reason. It was noted that a school crossing patrol is in operation on Partington Lane.
<input type="checkbox"/> Residents parking scheme at Harrowby Road	Residents have identified that cars attending a nearby premises are causing obstruction/congestion. It was asked whether funding could be used to support residents parking bays.
<input type="checkbox"/> Thorn Road	Traffic calming measures to stop people cutting through from Folly Lane. It was noted that these suggestions have been identified in the local Community Action Plan. Further discussion is needed with Swinton Open Spaces to determine streets affected.
<input type="checkbox"/> Manchester Road	Reported via Wyndham Residents Association. Concerns regarding the area near the Memorial Cottages. Noted that measures need to be put in place near to motorway slip road and dual carriageway to slow the traffic down so people can cross. This item could be raised separately with Highways – discussions regarding possibility of introducing peak hour ban with congestion along Manchester Road.
<input type="checkbox"/> Rake Lane/Lumns Lane Junction	Traffic calming measures required at the junction as concerns have been raised regarding the number of HGVs and the speed as they travel down Lumns Lane.
<input type="checkbox"/> Kennelworth Avenue	Residents currently have no parking and residents have made self-made driveways. Suggested whether the green area could be used to give car parking.

	Steven Lee mentioned that he is aware of the situation as there has been recent incidents of 2 emergency vehicles which have not been able to gain access to properties. It was noted that there is a current petition regarding the problem.
<input type="checkbox"/> North Dean Street	Repair of potholes in road. Noted that even though the road is unadopted, the Council are still responsible
<input type="checkbox"/> Melbourne Street	Same situation as identified in Kennelworth Street.
<input type="checkbox"/> Reduce speed on Manchester Road	A666 - Mcr Road end. Possible speed measures, proposal to improve pedestrian crossing. The Highways funding can be used to support signage.
<input type="checkbox"/> Sefton Road near Swinton High to Mossfield	The issue has been highlighted via young people at Community Committee. The area has potholes, is very overgrown and there is currently no lighting. Suggestions have been made to improve the footpath and make it a cycle route
<input type="checkbox"/> Lumns Lane	Improve pavement, potholes and cut back trees etc. It was reported that there is lack of a pavement area and that people are walking into the road.
<input type="checkbox"/> Pendlebury Road /terraced houses within the close vicinity of Swinton Town Centre.	Residents Parking Scheme. Residents to be consulted in early September 2006.
<input type="checkbox"/> Various lighting issues across Swinton <ul style="list-style-type: none"> - The Green/Rake Lane - Victoria Park 	Noted that the budget can be spent on improvements to pedestrian movement and road safety.
<input type="checkbox"/> Chorley Road (outside Banks)	Introduce parking scheme/layby to take waiting traffic off Chorley Road to ease congestion.
<input type="checkbox"/> Deans Road	Traffic calming to reduce local fears of accidents.
<input type="checkbox"/> Improve public transport information	Efect signage in key locations to provide information on train timetable and bus links.
<input type="checkbox"/> Safe routes to schools	Identify major routes to school and highlight improvements required.
