

UNCAGED
CAMPAIGNS
end vivisection

15th December 2004

Dear Sir/Madam

Please accept this letter as confirmation that Mr Max Newton, of 14 Binfield Road, Sheffield S8 9FA, is officially authorised to organise, promote and execute street collections for the benefit of Uncaged Campaigns.

Max Newton is the Campaigns Co-ordinator for Uncaged Campaigns, and has organised and promoted many street collections and similar events for Uncaged Campaigns in the past 6 years. Any helpers with the street collection will similarly be named and authorised by Max Newton and Uncaged Campaigns and will receive no payment.

All the funds will be paid over to Uncaged Campaigns, and will go towards our campaign to end animal experiments by peaceful and legitimate means.

I hope this is satisfactory, but please do not hesitate to contact me on 0114 272 2220 if you have any queries etc.

Yours faithfully,

Angela Roberts

Dear Sir/Madam

Street Collection Application

Uncaged Campaigns is a UK-wide anti-vivisection organisation, campaigning to end animal experiments by peaceful and legitimate means. Since our formation in Sheffield 10 years ago, *Uncaged Campaigns* has become established as one of the UK's most respected and hard-working anti-vivisection pressure and educational groups. *Uncaged Campaigns* is regularly called upon to give interviews with the media, and have been behind several major exposes in the national press.

Uncaged Campaigns Director Dan Lyons is a politics and philosophy graduate from the University of Sheffield, and currently studying for a PhD at the University on the subject of the ethics of animal-to-human transplants. He has had articles and/or extracts of articles published in publications such as *New Scientist* and the *Bulletin of Medical Ethics*, *Medical Law Review* and *Learning Legal Skills*; been interviewed many times for regional and national press, radio and TV.

Our influence is brought to bear in many important areas:

- Directly in the public sphere through street collections and public information stalls.
- Networking with thousands of active local campaigners across the UK and the world.
- Dignified and effective demonstrations against companies and institutions responsible for animal experimentation.
- Appearances in international, national, regional and local media.
- High quality documents and reports that appear in journals (e.g. the *Bulletin of Medical Ethics*) and are used as references in academic papers.
- Participation in consultation exercises organised by Government bodies such as the Home Office, the Animal Procedures Committee and the Department of Health.
- Meetings with Government Ministers to discuss policy areas of concern.
- Other political lobbying, such as the tabling of Early Day Motions (EDM) in Parliament (165 cross-party MPs have signed our recent EDM 685 in the last Parliamentary session).

We conduct dozens of street collections every year; for example in Ashton-under-Lyne, Stalybridge, Basildon, Burton-upon-Trent, Cannock, Canterbury, Cambridge, Carlisle, Chorley, Gravesend, Hanley, High Wycombe, Keighley, Leeds, Nottingham, Peterborough, Rochdale, Rotherham, Rugby, Slough, Tunbridge Wells, amongst others.

We conducted our 6th annual London Wide Street Collection under the authority of the Street Collections Advisory Committee of the London Metropolitan Police Service on Saturday 17th July 2004, and are booked in for our 7th on 16th July 2005. Gloria Paine of the London Metropolitan Police authorises these collections, and she can be contacted on: 0207 230 4015. We always get an excellent response from members of the public.

We are an organisation without assets that relies entirely upon the generosity of the general public to fund our vital work and we have no assets. Public donations from street collections are where we derive the bulk of our funding from. This money is used to fund our campaigns as outlined above and in the literature enclosed. However, because we campaign for a political and legal change, we cannot have a registered charity number. However, we are a company limited by guarantee, and the articles of memorandum for the company authorise us to raise funds by public collections and subscription. This places us in a similar situation to other 'charitable' campaigning organisations like *Amnesty International*, *Greenpeace*, the *BUAV* (*British Union for the Abolition of Vivisection*) and *NAVS* (*National Anti-Vivisection Society*) - who all conduct regular street collections across the UK.

We do have a sister organisation, the *Uncaged Educational Trust* (*UET*), whose remit is: "To advance the education of the public about vivisection and humane research," and whose charity number is: 1041426.

If you have any queries please do not hesitate to call me on 0114 272 2220 or email max@uncaged.co.uk

Yours faithfully

Max Newton

CAN YOU HELP US?

Any donation (however small)
makes an important difference.

Can you organise

- Coffee morning
- Craft fayre
- Jumble sale
- Darts match
- Snooker tournament
etc.

Sponsored events are a great way
of raising money, and having fun.
Are you taking part in any such
event?

Would you consider donating
your sponsor money to us?

Would you be able to organise an
event to benefit our charity?

Would your pub or club host a
charity night for us?

WHAT WE DO

We give support to cancer sufferers, their families, friends and carers.

ANY Type of cancer

ANY Age

ANY Time

ANY Where

EVERY Where

WHICH MAKES US
LOCAL TO YOU

WOODLAND CANCER CARE is a charity run by people who want to help cancer sufferers. In order to do this effectively we realise that the families, friends and carers of the sufferer also need support.

WHAT WE OFFER

Call our free phone number

0800 0284463

Emotional support via our
Listening Ear
service.

Short break holidays.

Financial help.

Practical advice

Specialised equipment

WHAT ELSE?

We offer:

**FREE-RELAXATION THERAPY
TAPES**

Free booklets explaining the type
of cancer being experienced

Here in the UK the biggest
debilitating illness is cancer.
One in three people will experience
cancer during their life time.
This puts incredible strain on the
resources of the National Health
Service and they can only do so
much.

WE CAN HELP

Do you need special equipment for
your home in order to promote the
wellbeing and comfort of the person
with cancer.

WE CAN HELP

Are you experiencing financial
problems at this difficult time of
your life? If these are related to your
illness.

WE CAN HELP

Are you finding difficulty travelling
to and from hospital or hospice
