Dear Ronnie

Please find enclosed completed application form as requested..

Trafford Multiple Sclerosis Therapy Centre is a registered charity that offers High Dosage Oxygen Therapy and complementary therapies to MS sufferers in a safe environment by competent volunteer operators.

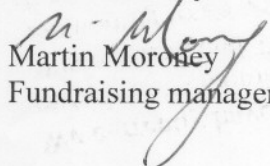

Our charity aims to promote physical and mental well-being, healthy living and offers friendship and companionship to patients. We offer a source of information on research, current treatments, benefits, disability equipment and other matters relating to multiple sclerosis within a safe and friendly environment.

As oxygen is now classed as medication we had to apply to the Health Care Commissioners for registration and operate within their framework we are also members of the Federation of MS Therapy Centres. We receive no government funding for our work.

We currently have forty plus members attending our centre and each week find ourselves welcoming new sufferers. Our centre is currently open Tuesdays, Wednesdays and Thursday of each week and with the increase in new members we are hoping to be able to open on the Monday and Friday shortly plus some evenings for those sufferers that due to work commitment are unable to attend during the day.

On behalf of our Members I would like to thank you for your support.

Yours sincerely

Martin Moroney
Fundraising manager
