NARCh European Championships

Pendlebury Coyotes

Inline Hockey Club

NARCh European Championships

Day 1- Saturday 28th October

Coyotes Vs Hallamshire Hornets (1-1- Goals- Zarren Camilleri)

Coyotes Vs Northern Cyclones (4-1 Win- Goals- Callum Roberts (2), Jay Burgess, Zarren Camilleri)

Coyotes Vs Blackpool Raiders (7-2 Win- Goals- Carl Ashton, Daniel Carney, Sam Dalli, Zarren Camilleri, Callum Roberts, Lloyd Hollins, Danny Martin)

Playing some of their best hockey of the day, Coyotes outplayed a full strength Raiders team who boast some of the best players in Britain. Never looking troubled Coyotes steamrolled their way to a 7-2 victory with 7 different scorers putting the goals in.

Day 2- Sunday 29th October

Coyotes Vs ISCA Grizzlies (USA) (4-1 Loss- Goals- Daniel Carney)

Semi Final

Coyotes Vs Hallamshire Hornets (3-2 Win (Sudden Death OT)- Goals- Sam Dalli, Zarren Camilleri (2))

After going 2-0 down early on Coyotes battled back, with Captain Sam Dalli, playing on a badly injured ankle, dragging them back into the game with the first goal. Zarren Camilleri equalised with less than 30 seconds to go and then finished the job himself in overtime, scoring the winner.

Final

Coyotes Vs ISCA Grizzlies (5-0 Loss)

Early pressure didn't count for Coyotes, after they should have gone in front through Jay Burgess, and the Grizzlies made them pay with some excellent hockey, and goals. Coyotes never gave up and battled all the way giving everything they had, and made the city proud.

Closing comments from the UK

Closing comments from the UK:

We're winding down, just 3 games remaining. The best finish of the tourney just happened in the men's semi with the Pemblebury Coyotes beating the Hallam Hornets. The Coyotes pulled their goalie with a few seconds remaining down a goal at the time. In a desperate attempt for a tie, a player spun in the corner and threw it at the net. It bounced off the side of the goaltender and the Coyotes had the momentum going into the overtime. They scored in OT and now face the ISCA Grizzlies in the final.

Last night was truly entertaining. We had a little party at the rink and had a ton of laughs. It's a really cool set-up, there's a full bar, party room, and dance floor upstairs. Tony, Alex Jones father, entertained the crowd by turning balloons into anything imaginable. Anything. At the same time the team from North Ireland tried their best to drink the bar out of alcohol. I honestly felt like I was in a sequel to Snatch.

When we got to talking shop it was truly refreshing talking to the boys from Ireland. The sport is really growing there and they're so hungry to play and get better. It reminds me of the early 90's and I had flashbacks of how and why I got into this sport in the first place.

Just when I got comfortable with getting in the wrong side of the car and instead of saying thank-you resorting to cheers mate, it's time to head home.

I will say that Alex, his family, Katie, Vic and Rich, and Paul at the rink did a great job representing NARCH this weekend. Not only was it a great time, I think it was educational for all involved.

I'm looking forward to coming back next year and building this into an even bigger, better event. If you're reading from the States and like to travel a bit for hockey, I would definitely encourage you to make the trip over for a once in a lifetime hockey/travel trip.

Thanks again to all who participated in this first Euro Championship.

2006 RECAP

On Sept 2, 2006, six 21u /Adult teams met in Old Bethpage, NY to compete in the Inline Hockey Series. Teams were comprised of players from New York and the Round Robin play was very competitive, with 2 ties, 1 one-goal game, 3 two-goal games were not blow outs. Black Ice and Suffolk "B" seeded 1st and 2nd, respectively; into the semifinals. This set up some great playoff games.

The first playoff game saw the 4th seed Pendlebury Coyotes (UK) skate against America. The first half saw the Coyotes quickly get out to a 2 goal lead, but unanswered goals. The second half was a different story as the young Brits beat game 6-6 at the end of regulation. Overtime saw both teams go shot for shot opposing netminders, which led to a shootout advancing the come-from-behind the Pendlebury Coyotes.

The second playoff game had the 3rd seeded Roadrunners face off against SOS got out to a quick 2 goal lead, but the Roadrunners answered back with 4 goals. At the end of regulation both teams had 4 goals each taking them into overtime ultimately the dreaded shoot out. SOS came away the victor which seeded Black Ice.

Just coming off their shoot out victory SOS skated hard, battling Black Ice whistle, but to no avail. Black Ice won the semifinal game 5-0. The second seeded college kids of Suffolk "B" up against the boys of Salford, the Pendlebury game was a rematch from the round robin where Suffolk "B" beat the Coyotes. They wanted this rematch to prove that they could beat them, and they did just that with 5 goals and at the end of regulation the boys of Salford won the game 7-4, advancing them to the Finals to play the undefeated Black Ice.

With only a short time to rest the two teams began their quest for Gold. Mad nationally and internationally ranked players, Black Ice got out to an early lead. The Pendlebury Coyotes skated their hearts out, never letting up, possession. Black Ice seemed to be on a role; every pass, every shot was perfect. They won the win and the Gold.

The tournament was an overall success that saw some unbelievable competition on Long Island. Black Ice went undefeated, the college kids of Suffolk came in and won the Semi's and the SOS team took 4th, Vio's Roadrunners had a great show in round robin play, and Skate Safe America made a mark at their home rink, but the Pendlebury Coyotes. They came all the way from the city of Salford in the one knew what to expect and man did they open some eyes here in New York. They skated extremely well, truly working as a team, never letting up. The Coyotes
